* Quality

Manufactured to exacting high quality standards, 'D' Brand Tube is made of phosphorous-deoxidised copper with a guaranteed 99.9% copper purity.

* Added Toughness & Durability

Totally recyclable, copper is the earth's most reusable natural resource. As it resists bacteria, it is also better choice in water supply.

* Economical & Strong

Tried, tested and proven, copper is versatile and easy to install. 'D' Brand Copper Tube is cost effective and compatible with other copper products made to the same standard.

* Reliability

Strong, durable and long-lasting.
